

## DATA COLLECTION COORDINATOR - TRANSPORTATION

Bunt & Associates is an employee owned Canadian transportation planning and engineering firm with offices in Vancouver, Victoria, Calgary and Edmonton. Our contribution to building connected and sustainable communities is delivered through the provision of creative solutions to traffic and transportation planning issues.

We take pride in our reputation for excellence in client experience and exceptional product delivery. We offer a progressive work environment that recognizes the importance of work life balance, professional development and career advancement.

### **What You'll Do:**

- Schedule, coordinate and undertake traffic and parking data collection projects
- Maintain written records or plans and other material on all assignments
- Research and evaluate results of data collection programs
- Undertake site investigations to identify existing transportation infrastructure
- Prepare drawings, report and presentation graphics in AutoCAD or CorelDraw
- Deploy data collection equipment such as Miovision and CountCAM

### **What You'll Need:**

- Diploma in an Engineering Technology program or related field
- Valid Alberta Class 5 driver's license, a clean driving record, access to a vehicle
- 2 years' experience (preferred) in transportation planning or land development
- The ability to supervise and coordinate the work of subordinates
- Experience preparing graphics using AutoCAD or CorelDraw
- Knowledge of road network within Edmonton and surrounding municipalities

Please email your resume with a covering letter by May 30, 2018 to: [edmonton@bunteng.com](mailto:edmonton@bunteng.com).

Only those applicants of interest will receive a response.
